I understand my test scores may be released to my department and/or course instructor if requested. Appeals on the written and/or practical examination scores must be filed with the Fire Protection Bureau within 30 days after test results notification. By signing this application, the candidate acknowledges that he/she has met all prerequisites required to enter the above test level and has been trained to the edition of the NFPA standard version that will be tested. Certification will be withheld until all prerequisites and documentation are satisfied. Candidates who have not had access to the state testing information and skills sheets for the level applied for are responsible to notify the Test Control Officer prior to participation in the practical exam.
